

Frontiers in Developmental Biology: Concepts, Techniques and Model Organisms

A Satellite Short Course of the Fourth International Meeting of the Latin American Society of Developmental Biology (LASDB)

Instituto Leloir, Buenos Aires, Argentina
October 23 – November 1, 2008

Richard Behringer

University of Texas, MD Anderson Cancer Center

rrb@mdanderson.org

Lecture

[Developmental mechanisms of organ formation in the mouse.](#)

Readings

Developmental genetics of the female reproductive tract in mammals.
A. Kobayashi and R. R. Behringer. *Nature Reviews Genetics* 4:969-980
(2003)

FOR EDUCATIONAL PURPOSES ONLY. *Not for distribution, posting on personal, institutional and/or class websites.*

Proper credit must be given to the instructor and the short course Frontiers in Developmental Biology: Concepts, Techniques and Animal Models.

Please contact individual instructor for permission for print-outs and additional questions.
